AROUND The WORLD!

Last year's Funtertainment left good memories in the minds of both adults and children! This was displayed in the excitement that was in the air as the event was drawing close.

This year's theme '***Around The World',*** was held in Abuja and Jos, in partnership with different schools in the community.. In Abuja, it was held on the 24th of May at the Sheraton Hotel and held on the 27th of May at Hill Station Hotel.

Despite the threats of bombings by Boko Haram, our children were not deprived of this opportunity to celebrate their day, 'children's day.'

The theme **"Around The World"** was chosen to give the children and adults the opportunity to learn about different cultures around the world, encourage them to appreciate other cultures and teach them to promote peaceful co-existence. This we believe is imperative since the world has become a global village.

Schools that took part in this year's Funtertainment include:

- ***Fatima School, Utako, Abuja***
- ***Living Fountain International School, Abuja***
- ***Fatima Private School, Jos***
- ***Government Secondary School, West Of Mines, Jos***
- ***St. Louis College, Jos.***

Cultures that were on display by the children were Indian, Scottish, Egyptian, Nigerian and Hawaiian. It actually felt like we were on a trip to these places.

The children were excited to be part of the celebration. They also won many gifts, which were donated by kind spirited organizations, in the raffle draw.

Funtertainment is an annual event which is channeled at creating a platform for children to showcase their skills and to help structure their minds to think about their future since they are the leaders of tomorrow.

Vivian Kachollom Rwang, an education consultant , the main organizer in collaboration with **Naija Pikin** annually mark the childrens day funtertainment for kids to learn through fun.
